

GIARDINO

— RESTAURANT —

The Swiss-wide closing of all restaurants for external guests makes it impossible for us to open our 13 Gault & Millau Restaurant Giardino as originally planned. However, we still want to offer our house guests the option between 3 restaurants. We therefore added an extract from our Giardino menu to the Kuchikästli menu and give you the choice of where you prefer to sit. For now you can choose from the two menus in both restaurants.

Sophisticated Mediterranean dishes with a touch of Asia are part of the 13 Gault & Millau Giardino restaurant program. Our kitchen crew and chef Michael Lüth let different influences melt together harmoniously. Eating becomes an experience!

The inviting and elegant ambience provides the right setting for a beautiful and enjoyable evening. The ideal opportunity to test the wines from our well-tended wine cellar.

We serve the Giardino dishes from 6 p.m. on.
